

# COMMON ABBREVIATIONS

# - Fracture

ABG – Arterial Blood Gas

AF – Atrial Fibrillation

AGE – Arterial Gas Embolism

AMS – Altered Mental State

BG – Blood Glucose

CICO – Can't Intubate, Can't Oxygenate

CNS – Central Nervous System

C/O – Complaining of

CV – Cardiovascular

CVA – Cerebrovascular Accident

ECG – Electrocardiogram

EDP – Emergency Donor Panel

EtCO<sub>2</sub> – End-Tidal Carbon Dioxide

FROM – Full Range of Movement

GCS – Glasgow Coma Scale

GI – Gastrointestinal

GU – Genitourinary

HPC – History of Presenting Complaint

HTN – Hypertension

ICP – Intracranial Pressure

ITP – Intrathoracic Pressure

KTD – Kendrick Traction Device

LOC – Loss of Consciousness

MAP – Mean Arterial Pressure

MI – Myocardial Infarction

O/A – On Arrival

O/E – On Examination

PC – Presenting Complaint

PE – Pulmonary Embolism

PHBT – Prehospital Blood Transfusion

PMH – Past Medical History

PTX – Pneumothorax

ROLO – Ranger O Low Titer (US Ranger Whole Blood Program)

SBP – Systolic Blood Pressure

SVT – Supraventricular Tachycardia

STEMI – ST Elevation Myocardial Infarction

TEG/ROTEM – Thromboelastography/Rotational Thromboelastometry

TIC – Trauma Induced Coagulopathy

TQ – Tourniquet

VF – Ventricular Fibrillation

VT – Ventricular Tachycardia

WFWB – Warm Fresh Whole Blood (US Forces)

## SUPERVISION LEVEL

**I** = INDEPENDENT

**RB** = REACHBACK ONLY

**A** = AS ASSISTANT
